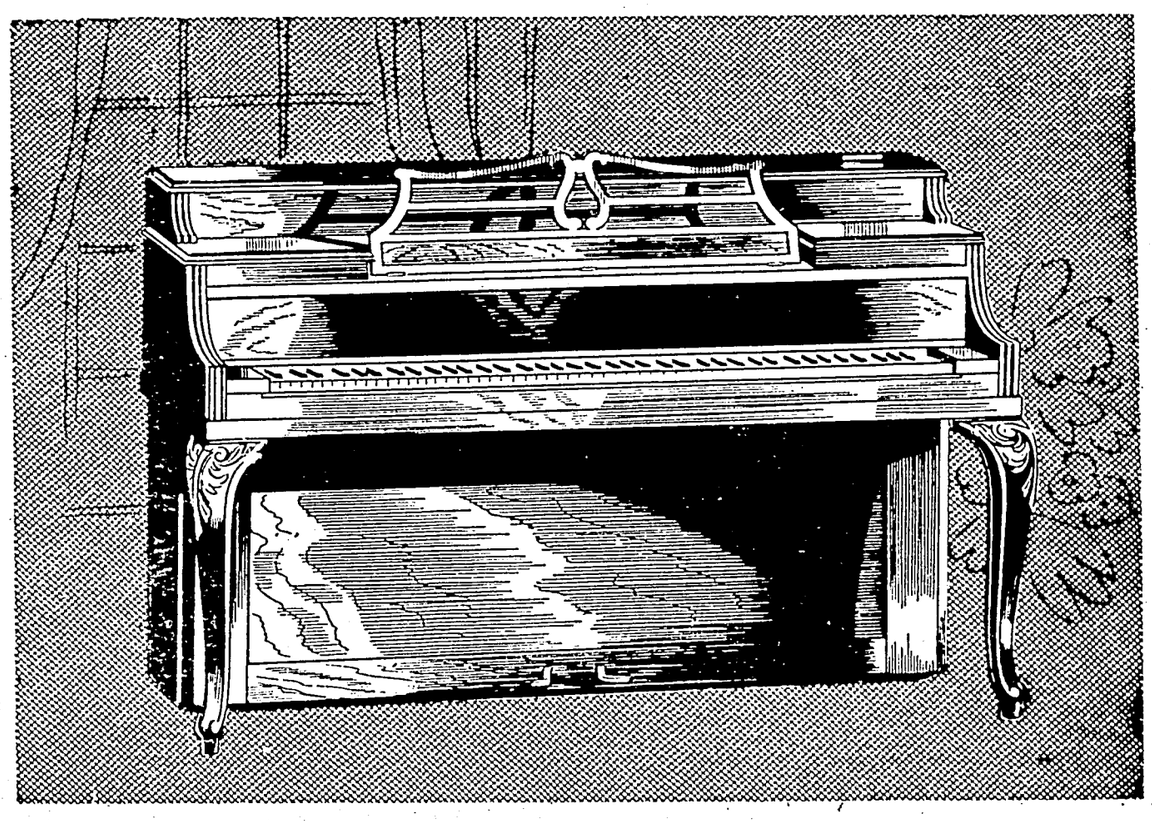
PREFACE

IN presenting the Seventy-Sixth Annual Edition of the City of Hamilton Directory, we thank the business men and patrons in general for the liberal and enthusiastic support they have given us.

The number of names in the Alphabetical Section is 102,500. Wives' names approximate 42,000 making a grand total of 144,500 names in this section of the Directory.



The Street Directory shows some 60,000 listings including Householders, Firms, Offices, Buildings and Institutions. Our estimate of the population of the City proper is 223,500.

There are a number of persons whose names are in the directory who just live outside the city limits, and others who live in nearby municipalities including Hamilton Beach, so the residential and working population of greater Hamilton is 230,500.

HURRY!

Most of us are in a hurry these days; in fact, one of the most predominant characteristics of our modern mode of living is the ever-increasing speed which is so much in evidence in our business and personal life. What with speedier methods being employed and the rapidly changing conditions, it becomes more apparent that unless you keep your business service constantly in front of the public, your service will be forgotten and your business suffer.

To avoid being forgotten and to increase your business we would suggest that you advertise in the:—
